KILLED SUFFRAGE

SENATE'S DEATH KNELL TO WOMEN'S HOPES.

FOR A VICE-COMMISSION

Appropriation Made for Senate Committee to Inquire Conditions in State—Corporations Hit Again.

Action vitally affecting the women of Missouri was taken twice by the state senate Thursday. The constitutional amendment providing for woman suffrage was killed by a vote of 16 to 9, and a resolution providing for the appointment of a committee of five senators to investigate the wages paid to women and their relation to the high cost of living was adopted.

The death knell for woman suffrage was rung for two years when the senate reconsidered the vote sending the amendment to engrossment. The amendment was then referred to the committee on constitutional amendments, and as the legislature is expected to adjourn March 24, there will not be enough time for it to be reported out and again passed.

The committee which will investigate wages for women is to report to the next session of the legislature. An appropriation of \$3,000 for the expense of the investigation was made. The committee, in addition to Lieut. Gov. Painter, will be composed of senators: Senators F. M. Wilson of Platte City, M. E. Kinney of St. Louis, Thomas Whitledge of Ste. Genevieve, George D. Cates of McDonald county, and either Senator Green or Senator Casey of Kansas City.

The first definite step toward holding a constitutional convention to write a new constitution for Missouri was taken by the senate Thursday. By a vote of 19 to 10 it passed a bill calling a special election for next November to decide whether a convention shall be held. Wednesday the bill was lost on account of the absence of several senators.

The bill now goes to the house for final passage. Those urging the holding of a constitutional convention say it will pass there.

The senate today passed the charter bills for Joplin and Springfield, giving those cities the right to vote on the commission form of government. The measure will have to go back to the house, where it already had passed, as the senate tacked on a number of minor amendments, to correct details of the bill. It probably will be ready for the governor's signature early next week.

Strict regulation by the secretary of state of every corporation in Missouri is provided for in a bill that passed the senate. The secretary will be known as "supervisor of corporations" under the terms of the measure.

While the bill makes little change in the present law that requires the corporations to file annual statements, settling forth that they are conforming with the laws of the state and giving certain details of their finances, it goes farther by giving the secretary of state power to send a representative to examine the books of the corporation and look into the correctness of the report whenever he sees fit. The secretary may call for a special report from a corporation at any time.

The bill provides that the corporations must pay a registration fee of \$5 with each report. A clerk at a salary of \$2,400 a year and four extra clerks, three months in the year are provided for. All the money received above expenses is to go to the state good roads funds.

PRESIDENT WILSON'S VISION.

There is so much expressed in the short inaugural address, so much that presses on one to say about it, that it is difficult to choose out of the multitude; but some things must impress every thoughtful reader; the normal tone, the human sympathy, the earnest desire to make conditions better for the multitudes who toil, especially for the women and children. It is a trumpet call for social and industrial as well as political reform and progress. It is a direct passionate appeal to the conscience. He says "it is not a day of triumph but of dedication." While we are justly proud of our achievements, he says, "We have not hitherto stopped thoughtfully enough to count the human cost, the cost of lives snuffed out, of energies overtaxed and broken, the fearful physical and spiritual cost to the men and women and children upon whom the dead weight and burden of it all has fallen pitilessly the years through. The groans and agony of it all had not yet reached our ears, the solemn, moving undertone of our life, coming up out of the mines and factories and out of every home where the struggle had its intimate and familiar seat. The great government we loved has too often been made use of for private and selfish purposes, and those who used it had forgotten the people."

Our duty is to cleanse, to reconsider, to restore, to correct the evil without impairing the good, to purify and humanize every process of our common life without weakening or sentimentalizing it.

The great work he has outlined is too large for partisanship and the new president calls to his aid all good citizens. What can be finer than this closing paragraph?

"This is not a day of triumph; it is a day of dedication. Here must, not the forces of party but the forces of humanity. Men's lives hang in the balance; men's hopes call upon us to say what we will do. Who shall live up to the great trust? Who dares fail to try? I summon all honest men, all patriotic, all forward-looking men to my side. God helping me, I will not fail them, if they will but counsel and sustain me."

There are few severe criticisms of the address, and generally it is commended. Here is a specimen from the Independent New York Times:

"No president of the United States in any utterance ever sounded a higher or clearer note of aspiration and of idealism than Woodrow Wilson in his inaugural address. It is perhaps the most carefully studied, concise and deeply moving expression that has yet been given to the new ideas which have become a force in our politics. The address will make a profound impression upon the American people and upon the friends of progress and of this republic throughout the world."—Shebina Democrat.

DON'T OVERLOOK THE HOG.

The American hog is the most economical of animals. Of what a horse eats 52 per cent goes to waste. Forty-four per cent of the food consumed by cattle is similarly lost, and 32 per cent of all that sheep take into their stomachs. Only 12 per cent of what a pig eats is wasted. Fifty-two per cent of the food eaten by a hog goes to make growth. A sheep utilizes only 25 per cent of its sustenance for growing, which means, of course, the production of meat.

These figures are obtained from recent experiments made by government experts, who find as a result of their study, that the pig has what they call an "economic superiority" even over poultry. That is to say, it produces more meat in proportion to its weight, and the animal weighs more in proportion to the amount of food it consumes. Eighty-four per cent of the carcass of a hog is utilized as meat, of the beef animal 75 per cent is edible, and of the sheep only 65 per cent. Thus it appears that a greater percentage of the pig is available for food than of any other domesticated creature.

The hog is a valuable aid to fertilizing land, and pays a good return on the crops he consumes. He will devour large quantities of inferior fruit or waste grain and vegetables, which are not otherwise marketable. He will thus yield a profit on what might otherwise be wasted. The yearly increase in young pigs keeps the supply rapidly increasing from a small beginning. He is a lucrative investment. The secret of success in farming, as in other industries, lies in finding a use for everything. There is no reason why such products as are waste of the orchard should be thrown away. There is a use for everything on the farm if the farmer will but seek until he finds it, and the hog is a great help in putting all sorts of feed to a profitable use.—Louisiana Press-Journal.

Failed to Recover.

HIS MOTHER '100

LAST RITES FOR THE LATE S. W. SCOTT THURSDAY.

THE ATTENDANCE LARGE

Neighbors and Friends in Large Numbers Paid Respects to Memory of a Good Man Gone Home.

Although Thursday afternoon was exceedingly inclement, the First Presbyterian church was filled with friends who came to attend the last rites in memory of S. Winfield Scott, who died Tuesday morning at St. Francis hospital. The service was conducted by the pastor, Rev. S. D. Harkness, whose text for the discourse was John 11:25: "Jesus said unto her, I am the resurrection and the life. He that believeth in me, though he were dead, yet shall he live."

The music was by a quartet composed of Mrs. C. D. Leffler, Miss Helen Leffler, Mr. W. H. Crawford and Mr. L. O. Goble.

The heavy clouds and constant downpour of rain added to the solemnity of the occasion, but the presence of many beautiful floral offerings and the splendid assurance of the minister's words founded upon promises in the Book of Books brought a peace and understanding that will bear the fruitage of resignation and confidence toward Him who doeth all things well.

Mr. Scott was held in the highest esteem by all who knew him, his unquestionable Christian attitude in all things winning the respect of acquaintances and the love of his neighbors. The entire neighborhood for miles around his home, five miles northwest of Maryville were in attendance upon the services, also Rev. H. A. Sawyers of Savannah.

The pallbearers were Messrs. Ad Kinsley, Rudolph Neidel, Henry N. Moore, Samuel E. Fisher, J. C. F. Taylor, Joseph Jackson, Sr.

Samuel Winfield Scott was born at Birmingham, Guernsey county, O., the 28th day of January, 1851. Died March 11th, 1913, at Maryville, Mo.

He was reared on a farm and lived with his father and brother, Abraham Park Scott and Mary (Woods) Scott until the spring of 1877, at which time he and his brother, John M. Scott, who resides on West First street, Maryville, came west and settled on a farm five miles northwest of Maryville, which place he owned at the time of his death.

On the 8th day of January, 1884, he was married to Mary J. Dunlap of Plushing, O., a daughter of Joshua and Nancy Dunlap.

Deceased is survived by his wife and daughter, Mrs. John Griffey of near this city; a brother, John M. Scott of Maryville, Mo.; Woods Scott, a brother, of Mayville, Mich., and his aged mother, who is 100 years old this 14th of March, and who now resides at Cambridge, O.

Deceased's father, who died in 1889, was a brother of the Hon. William Scott of Guernsey county, Ohio, and the Hon. Josiah Scott of Cadiz, O., who, with a cousin, also Josiah Scott, of Bucyrus, O., all had seats in the general assembly of that state at the same time and helped frame the constitution of that state.

His grandfather, Abraham Scott, was a Presbyterian preacher, and did missionary work in Eastern Ohio one hundred years ago.

The ancestors of this family settled in Pennsylvania about 1650, when the population of that state was less than 12,000, so it can be seen that they were among the first settlers of that country.

Deceased was reared in the Presbyterian faith, and united with the church when a young man.

The Steady Subscriber.

How dear to our heart is the steady subscriber

Who pays in advance at the birth of each year,

Who lays down the money and does it quite gladly,

And casts 'round the office a halo of cheer,

He never says, "Stop it; I can not afford it."

I'm getting more papers than now I can read."

But always says, "Send it; our people all like it—"

In fact we all think it a help and a need."

How welcome his check when it reaches our sanctum,

How it makes our pulse throb; how it makes our hearts dance,

We outwardly thank him; we inwardly bless him—

THERON GARRETT IS DEAD.

Twelve-Year-Old Son of Mr. and Mrs. Jefferson Garrett, Died at 10:10 A. M. Friday From Heart Failure.

Marcius Theron Garrett, the 12-year-old son of Mr. and Mrs. Jefferson Garrett of South Market street, died Friday morning at 10:40 o'clock from heart failure, brought on by a two months' illness of rheumatism. His death is a sad shock to the family, as the sick boy had improved considerably for several days and gave strong hopes of recovery soon. He was taken suddenly worse Friday morning, however, and death came quickly. Theron's death is the first in the family of ten children. He had never been seriously sick, and his illness was a severe trial to him, but he proved a patient little sufferer.

The funeral services have not been arranged, as word is waited from two brothers in the west. Theron is survived by his parents and nine brothers and sisters: Ernest Garrett of Lowell, Wash.; Emory Garrett of North Yakima, Wash.; Mrs. Charles Moore of this city, and Hazel, Mabel, Wesley, Mark, Virginia and Donald, at home.

PREACHING AT BAPTIST CHURCH.

There Will Be Services Each Sunday Until the Church Closes a Pastor.

Professor W. W. Westbrook, chairman of the pulpit committee of the First Baptist church of this city, announces there will be preaching each Sunday at the First Baptist church, a minister from William Jewell college at Liberty, Mo., to be the first supply next Sunday. His name will probably be given in the church announcements for Sunday in Saturday's daily.

M'CLUSKEY RITES SATURDAY.

The Body of the Late Dr. S. C. McCluskey Will Lie in State Saturday From 11 A. M. to 1 P. M.

Funeral services in memory of the late Dr. S. C. McCluskey will be held Saturday afternoon at 2:30 o'clock at the First Presbyterian church, conducted by the pastor, Rev. S. D. Harkness.

Burial will take place in Oak Hill cemetery, where the Masonic lodge will officiate. The G. A. R. will attend the services in a body.

The body will lie in state at the McCluskey home, 409 West Second street, from 11 o'clock a. m. until 1 o'clock p. m.

A brother of the deceased, Mr. Matthew McCluskey, and his wife, arrived from Omaha Thursday night, and their sons, Dr. F. M. McCluskey and Mr. John McCluskey of Glenwood, Ia., will arrive Friday night.

Notice to Masons.

All Masons are requested to be at Masonic hall Saturday at 1:30 prompt to attend the funeral of our late brother, Dr. S. C. McCluskey.

GIRLS WILL PLAY

NORMAL GIRLS WILL PLAY GIRLS OF MISSOURI WESLEYAN COLLEGE

WILL BE A HOT GAME

A Clever Exhibition Expected on Both Sides and a Surprise Said to Be in Store.

The curtain will be rung down on the basketball season of 1912-13 as far as Maryville is concerned tonight when the Missouri Wesleyan college girls of Cameron will play the Normal girls at the Normal gymnasium. That game alone would be worth anyone's time and trouble to attend, for the Cameron damsels put up a clever exhibition of the popular indoor sport, and the local fair ones will do their best to close the season with a victory. But the real comedy of the evening—it may possibly end in a tragedy—will be furnished by the Faculty-Y. M. C. A. game. The instructors took their final work-out Wednesday afternoon behind closed doors, which fact assures us that they have a surprise to spring on the fans.

Whether said surprise is in the form of a trick play to baffle the enemy or whether it is a unique style of uniform remains to be seen. It is assured that "Coach" George H. Colbert, Dean of the Normal faculty, will be in charge of the office adding machine to keep an absolutely correct score. The faculty-student contest will begin promptly at 7:45 o'clock. John I. Moore will referee and Coach Whitsell of Wesleyan will umpire. The line-up of the Faculty-Y. M. C. A. game will be:

Faculty—Forwards, Moore and Mutt; center, Eek; guards, Wells, Rickenbrode, Harrington and Swinehart.

Y. M. C. A.—Forwards, Daise and Mathes; center, Quinn; guards, J. Jones and Faris.

The line-up of the Wesleyan-Normal game:

Wesleyan—Forwards, Eliwood and Lane; centers, Henderson and Carson; guards, Christian and Wyekoff.

Normal—Forwards, Abplanalp and Martin; centers, Rickenbrode and Hotchkiss; guards, Thompson and Hoffman. Subs, Caudle, Hanna and Hollister.

MT. AYR.

Robin red breast, the bluebirds and myriads of songsters which come with spring are here, and they are about the first to get busy in the morning.

Health of community reasonably good except a few with colds.

Jake Bigley was a Maryville business visitor Monday.

Jerald Bonewitz has purchased a pen of Golden Wyandotte chickens from a firm in Kansas.

Henry Heitman acted the part of the good Samaritan in going to Omaha one day last week to see his friend and former neighbor, who was injured in the eye while butchering and was taken to the Methodist hospital. His seeing with that eye is very doubtful.

Mrs. William Mozingo and daughters, Julia and Alma, were guests of their son and brother, Erb Mozingo, and wife Wednesday.

Mrs. William Irwin is slowly improving. She has been ill all winter. There will be a pie supper in connection with a shadow sale of all the fine girls at Mt. Ayr church Friday evening, March 14, to which all are cordially invited to attend. If you can't get the reality, come and purchase the shadow.

Quite an error occurred in the last items. Kane brothers' hogs weighed 350 pounds instead of \$3.50 a head.

There are some pupils of Mt. Ayr who will try to pass the eighth grade at this term. That is the last one preparatory to entering the high school. Teacher stays quite late of evenings, something very unusual for the teacher to do for her pupils, assisting them. There will be five weeks longer of the term.

The Rumley separator men were in the neighborhood showing up their machine and securing sales Wednesday.

Guests From Military Circles.

Lieutenant L. B. Bender and Mrs. Bender arrived Thursday from Ft. Andrews, Mass., and are in the city for a few days, the guests of Dr. and Mrs. H. H. Smith and Mr. and Mrs. George Richard Eaton. Lieutenant Bender belongs to the engineering division of coast artillery. He has just been promoted, and with Mrs. Bender will leave soon for Ft. Barancas, Fla., where he will be ordnance officer at the fort.

M. M. M. Club Meeting.

Mrs. George Stafford entertained the M. M. M. club Wednesday afternoon. Roll call was responded to with conundrums. A paper on "What is a True Friend?" prepared by Mrs. H. W. Hull, was read by Mrs. W. T. Ramsey. Owing to sickness in the membership several were unable to be present. Nothing of outside interest was done in a business way, and after the usual time spent with needlework the hostesses gave a luncheon. The members present were Mrs. W. T. Ramsey, Mrs. J. C. Farrar, Mrs. C. J. Eckert, Mrs. Edward Egley and Mrs. M. D. Kemp.

The Bridesmaids Are Here.

Mrs. Gordon Murray and daughter of Muskogee, Okla., arrived in Maryville Friday noon and are guests at the home of Mr. and Mrs. Frank G. Shoemaker. Mrs. Murray will be better remembered in Maryville as Miss Olive Lattin, one of the quintet of Hardin college girls who were annual summer visitors at the Shoemaker home, who, with Miss Caroline Watkins of Lawson, Mo., who arrived Thursday, and Miss Louise Sallander of Fort Madison, Ia., who will come Friday evening, will act as bridesmaids at the wedding of Miss Esther Shoemaker and Mr. Oliver Bovard Saturday evening at 8 o'clock.

Shakespeareans Met Tuesday.

The Shakespearean department of the Twentieth Century club met Tuesday afternoon at the home of Mrs. Ferdinand Townsend. The usual good attendance of this department was considerably depleted by sickness. The study was act 111 of "Othello," and quotations from that act were given in answer to roll call. The questions on this act given in the year book were answered by Mrs. G. B. Holmes, Mrs. J. F. Montgomery, Miss Lenore Schumacher, Mrs. J. E. Cameron and Mrs. Townsend, the latter leading the general discussion. The word drill given by Miss Della Grooms, the parliamentary drill and current events by Mrs. E. G. Orser. At the close of the study Miss Anna Nash was asked to tell her impressions of the suffragist parade at Washington, which she did, and also showed some fine photographs of it and the leaders of the movement that she secured in Washington.

A Good Entertainment.

The entertainment given Thursday evening at the First Methodist church by Mr. Mort S. Morse of the Kansas university and Prof. P. O. Landon was immensely pleasing to those who braved the disagreeable weather to attend. Considering the weather the crowd was good, although it would have been much better under other conditions. Both of these gentlemen are so well and favorably known here that their announcement is a guarantee of merit, and those who attended were not disappointed.

A Real Walnut Case.

W. F. Smith of Maryville was here Wednesday putting together a fine bookcase which he had just completed for Mr. and Mrs. Samuel Corken. The furniture was made from lumber cut from a walnut tree on their old farm, southwest of Burlington Junction, and is highly prized by them. It has five shelves and is a very beautiful piece. —Burlington Junction Post.

Savannah Revival to Close.

The revival meetings which have been conducted at Savannah for the last month by Evangelists E. B. Pratt and R. M. Booth will close Sunday night. They have been very successful from every standpoint and more than 150 names have been added to the various churches.

Mrs. E. E. May of Savannah and I. C. Roelofson of Barnard were in Maryville Thursday, guests of their brother, J. F. Roelofson and family.

The Vision of Men of Yesterday Realized in Maryville of Today—A Woman's Talk at Club Rooms.

The next regular meeting of the Maryville Commercial club will be held at the club rooms Tuesday evening, March 18, when four members of the board of directors will be selected. The terms of F. G. Shoemaker, N. Sturtevant and E. G. Orser expire, and G. B. Roseberry has resigned, so there will be four to elect.

In a statement issued by Secretary John I. Hoffman, he urges every member to be present and to bring with him a plan for some improvement in the city or its conditions during the coming year. He says:

"Men, not conditions, make a city. The Maryville of today is just what the foremost men of Maryville yesterday planned that it should be. The Maryville of tomorrow will be just what you today plan it shall be. The men of Maryville can have just what they go after with the right kind of determination."

The Twentieth Century club has extended an invitation to the Commercial club to attend a lecture or talk given by Mr. Henry N. Ess of Kansas City on "The Woman of Today," at the Elks club room, March 17, at 8 o'clock.

Cold Wave Coming.

A warning has been sent out by the weather bureau that a cold wave will follow the rains of Thursday and Friday. The temperature, according to the report, will fall twenty or more degrees within the next twenty-four hours. The rains have apparently been general over the county and have been of much benefit to this section of the state. The rainfall in Maryville during the two days has been one and a half inches.

SENATE ELECTS ITS OFFICERS

Clarke of Arkansas is Chosen President Pro Tem.

STEERING COMMITTEE AT WORK

Personnel of Finance Committee Shows Several Middle Western Senators on List—Democrats Take Over Leadership.

Washington, March 14.—Senator James P. Clarke of Arkansas, Democrat, was elected president pro tempore of the senate. Senator Clarke received 41 votes, Senator Gallinger (Rep.) 18, and Senators Clapp and Bristow and Borah 1 each. Senator Clarke was immediately sworn in and presided over the senate during the election of other new officers.

The senate elected James M. Baker of South Carolina, secretary; Charles P. Higgins of Missouri, sergeant-at-arms; Forest J. Prettyman, chaplain, and Thomas W. Keller of West Virginia, assistant doorkeeper.

Charges that Carl A. Loeffler, acting assistant doorkeeper of the senate, had been responsible for disappearance of the Holstlaw certificate of deposit presented during the Lorimer trial in the senate, and which was never afterward located, were made in the senate by Senator Gore (Okla.), when Loeffler's re-election was proposed. Senator Gore said his informant was a page of the senate, who had delivered the certificate to Loeffler after securing it from Senator Bailey.

By a vote of 45 to 18 the senate refused to take Loeffler's name out of the resolution containing the names of the prospective senate officers.

Agree on Finance Committee. Another session of the Democratic steering committee brought the committee lists near to completion.

The personnel of the finance committee, which is to handle all tariff bills, became definitely known. As now agreed upon it is:

Democrats: Chairman, Simmons; Stone, Williams, Johnson, Shively, Gore, Thomas, James, Hughes.

Republicans: Penrose, Lodge, McCumber, Smoot, Gallinger, Clark, La Follette.

Information indicated also that Senator Tillman had won his personal fight to secure the chairmanship of the appropriations committee, the second most powerful of the senate.

DEATH LIST IS GROWING

Thirty-three Dead as Result of Storm That Sweeps South.

New Orleans, March 14.—The death list in the storm that swept several southern states was raised to thirty-three this morning. Latest reports of life loss came from near Atlanta, where five were killed.

Alexandria, La., March 14.—The town of Provencal, La., was practically wiped out by a tornado. A negro boy was killed and fifteen persons were injured. The storm cut a swath from 300 to 500 feet wide, demolishing business houses and twenty-five homes.

Let the words of the wise man of long ago sink deep into your memory: "Verily, a tree is known by its fruits." Likewise, a school by the success of its students. There is no shorter or better road to a paying position than through this school, and hundreds of former students now holding responsible positions verify the statement.

Important Announcement

After careful consideration, we wish to announce that we have now reached the point where we will guarantee positions, and that we are ready to enter into contracts to do so or forfeit tuition.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

The woman with tender skin dreads February and March because they are likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have a strong tendency to make her freckle.

Fortunately for her peace of mind, the recent discovery of a new prescription, othine—double strength, makes it possible for even those most susceptible to freckles to keep the skin clear and white. No matter how stubborn a case of freckles you have, the double strength othine should remove them. Get an ounce from any druggist and banish the freckles. Money back if it fails.

NO INDIGESTION, GAS OR A SOUR STOMACH.

"Pape's Diapepsin" Makes Your Stomach Feel Fine in Five Minutes.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only 50 cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

INDIGESTION FIVE YEARS.

Relieved by Vinol.

Strength and even life itself depends upon the nourishment and proper assimilation of food, and unless digestion is good the whole body suffers.

Mrs. L. D. Cook, Vineland, N. J., says: "I was sick five years with indigestion. My stomach seemed to have a heavy load in it and at other times it seemed to be tied in knots. Nobody knows how I suffered.

"I tried a great many doctors and a great many kinds of medicine but nothing did any good until I took Vinol. It has helped me wonderfully. I am improving fast, feel better and am getting my flesh back again. Vinol has done me a world of good."

We know the great power of Vinol, our delicious cod liver and iron tonic without oil, in curing chronic stomach trouble and building up all weakened, run-down persons, and that is why we guarantee to return your money if it does not help you. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

REBELS ATTACK CITY OF NOGALES

Garrison Makes Stubborn Defense, but is Forced to Retreat.

BULLETS FLY ACROSS BORDER

Several American Soldiers Are Hit and General Tate is Assembling His Men—Troops at Galveston Held in Readiness to Embark.

Nogales, Ariz., March 14.—Federals have ceased firing and are retreating to the American side, while state troops are firing on federal right. Several American soldiers have been hit by bullets from the ranks of the Sonora state troops. General Tate, who has orders to "fire if fired upon," is assembling his men.

Sonora state troops attacked Nogales, Mexico, at daybreak. The garrison of 250 men, which had been promised reinforcements, made a determined defense.

Bullets showered into the Arizona town, which is divided from the Mexican town by a business street. One Mexican citizen was wounded on the Arizona side and bullets entered the homes of Americans in Nogales, Ariz.

United States troops rushed from Fort Huachuca, were spread along the international line, keeping back the curious.

Troops Ready to Embark.

Galveston, March 14.—Brigadier General Smith, formerly stationed at Omaha, commanding the Fifth brigade of the United States army mobilized here, issued orders that troops of his command be held in readiness for instant embarkation on the four army transports now in Galveston harbor.

IMPLEMENT MEN TESTIFY

One Dealer Says Twine Binder No Improvement Over Wire Machine.

Omaha, March 14.—That the twine binder was no improvement over the old wire binder in use many years ago was the testimony of Edward A. Ayres, an implement dealer of Fairbury, Neb., in the hearing of the defense's testimony in the case of the alleged harvester trust. The prosecution was asking what were the improvements made in binders before the organization of the International company. When the witness was slow to mention any the prosecuting attorney asked if the twine binders were not an improvement over the wire binders.

"No, sir," shouted Ayres. "The twine binders are not an improvement. Never as many bundles went to the mouth of the threshing machine tied since the days of the wire binder as in the days of the wire binder, I tell you," replied the witness. "The wire binder was a success, the only thing was to get the wire."

The prosecution was clearly disappointed in the testimony.

ROCKET REFUSES TO RISE

"Human Fly" Has Narrow Escape from Death When Projectile Explodes.

New York, March 14.—A steel rocket containing Rodman Law, the "human fly," in which he intended to be shot 3,500 feet into the air, descending by a parachute, exploded when 800 pounds of powder behind it was fired. Law was hurled twenty-five feet from his seat in the rocket, but was unhurt.

Protected by padding and a helmet, Law crawled into the rocket with his parachute and gave the order to fire. The fuse was lighted and spluttered for thirty seconds. There was a burst of flame, a cloud of smoke and a terrific report. Hundreds of spectators straining their eyes for a sight of the great rocket hurtling through the air saw it leap forward a few feet and burst into fragments.

Law was hurled violently through the air and to the ground. His hair and eyebrows were burned off. For ten seconds he was unconscious. Then he got up and looked around.

"Darn that thing!" he exclaimed. "I thought I was going up."

BEAUTIFUL HAIR AT SMALL COST

A Simple Remedy Beautifies the Hair. Cures Dandruff, Stops Falling Hair.

What a pity it is to see so many people with thin, wispy hair, faded or streaked with gray, and realize that most of these people might have soft, glossy, abundant hair of beautiful color and lustre if they would but use the proper treatment. There is no necessity for gray hair under sixty-five years of age, and there is no excuse for anyone, young or old, having thin, straggling hair, either full of dandruff or heavy and rank smelling with excessive oil.

You can bring back the natural color of your hair in a few days and forever rid yourself of any dandruff and loose hairs, and make your hair grow strong and beautiful by using Wyeth's Sage and Sulphur Hair Remedy. For generations common garden Sage has been used for restoring and preserving the color of the hair; and Sulphur is recognized by Scalp Specialists as being excellent for treatment of hair and scalp troubles.

If you are troubled with dandruff or itching scalp, or if your hair is losing its color or coming out, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, and notice the improvement in the appearance of your hair after a few days' treatment. Agent Kock Pharmacy.

HEADACHY, CONSTIPATED, BILIOUS, TAKE DELICIOUS "SYRUP OF FIGS"

REMOVES THE SCUM FROM THE TONGUE, SWEETENS A SOUR, GASSY, BILIOUS STOMACH; CLEANSSES YOUR LIVER AND THIRTY FEET OF BOWELS WITHOUT GRIPE OR NAUSEA.

If headachy, bilious, dizzy, tongue coated, stomach sour and full of gas, you belch undigested food and feel sick and miserable, it means that your liver is choked with sour bile and your thirty feet of bowels are clogged with effete waste matter not properly carried off. Constipation is worse than most folks believe. It means that this waste matter in the thirty feet of bowels decays into poisons, gases and acids and that these poisons are then sucked into the blood through the very ducts which should suck only nourishment to sustain the body.

Most people dread physic. They think of castor oil, salts and cathartic pills. They shrink from the after-effects—so they postpone the dose until they get sick; then they do this liver and bowel cleansing in a heroic way—they have a bowel washday.

That is all wrong. If you will take a teaspoonful of delicious Syrup of Figs tonight, you will never realize you have taken anything until morning, when all the poisonous matter, sour bile and clogged-up waste will be moved on and out of your system, thoroughly but gently—no griping—no nausea—no weakness. Taking Syrup of Figs is a real pleasure. Don't think you are drugging yourself; it is composed entirely of luscious figs, senna and aromatic, and constant use cannot cause injury.

Ask your druggist for "Syrup of Figs and Elixir of Senna," and look for the name, California Fig Syrup Company, on the label. This is the genuine—old reliable. Any other Fig Syrup offered as good should be refused with contempt. Don't be imposed upon.—Advertisement.

DON'T FEED CREAM TO THE CALVES

If you are skimming your milk by any setting or dilution method or are using an inferior or worn out cream separator you are surely feeding a lot of butter-fat to your calves and pigs that is worth from 25 to 30 cents a pound.

You may think this is too small a loss to amount to much, but when you figure that it happens twice a day, 365 days a year, you will find that a De Laval Separator would save its cost every six months over any kind of "gravity" skimming and every year over any inferior or worn out separator.

Get a clean skimming Cream DE LAVAL Separator

as soon as you can and get all the money that is coming to you from the product of your cows.

We can make you a liberal allowance for your present separator, if you have one, and, if more convenient for you, can also arrange for a partial payment at time of purchase and balance on easy payments.

If you want to see for yourself just how much more cream you can get with a De Laval let us set up a machine for you and have you try it out for yourself. Just phone or drop us a postal and we will be glad to bring a machine out to your place.

Chinese Gun Fighters to Be Deported.

San Francisco, March 14.—The deportation of Chinese tong warriors as "professional murderers" will be undertaken by United States authorities here in a renewed effort to check Chinatown feuds. Four Chinese arrested in connection with the latest killing, growing out of the Spey Sling-King Kong tong war, now in progress in several cities of the state, were taken to the immigration station to face an investigation of their right to remain in this country.

BROOKLYN TABERNACLE

ABRAHAM'S FAITH TESTED.
Genesis 22:1-13—March 16.

"O desired mercy, and not sacrifice; and the knowledge of God more than burnt offerings."—Hebrews 10:5.

TODAY'S Study tells one reason why Abraham was styled the Father of the Faithful. His history, depicted in the Bible, is one of trust in the Divine promises; but the final test, which we study today, marked him very high, according to Divine and human standards. The faith recorded in our lesson is so colossal as to amaze us!

This test came through the Divine command that Abraham should take Isaac, the heir of promise, and offer him in sacrifice on Mt. Moriah. Abraham was now one hundred twenty-five years old. Isaac was the Divinely appointed channel for the blessings promised. Now after half a century of waiting and trusting, could it be possible that God wished to demonstrate his faith? It was so. He had a positive command. It was no imagination, no whisperings of witches or wizards. It was no dream.

To one of Abraham's character, the Divine command meant prompt obedience. Forthwith he journeyed, accompanied by his servants. Then leaving them, Abraham and Isaac journeyed to the top of Mt. Moriah, afterwards the site of the Temple. The very rock upon which Isaac is supposed to have been bound became the location for the Brazen Altar.

The patriarch and his son came to this spot. Then Abraham, with faltering lips, but determined heart, told Isaac of the Divine command. There he offered his son, even though the knife did not strike the fatal blow. The offering was complete in the sight of Heaven; and the hand was stayed. As the Apostle explains, "Abraham received his son from the dead in a figure."—Hebrews 11:19.

The Antitype of All This.

These incidents of olden time had their effect upon the actors; but to God's consecrated people, enlightened by the Holy Spirit, they have still further meaning. Abraham served as a type of God, and Isaac of Christ, Head and Body. In the antitype God freely offered His Son for the sins of the whole world. "God gave His only Begotten Son, that whosoever believeth on Him might have everlasting life."

In the antitype God arranged that Jesus should be Head of the Church, which is His Body. Hence the sufferings of Christ, accomplished by Jesus, were only part of the sufferings of the antitypical Isaac. Here the Apostle declares, "We, brethren, as Isaac was, are the children of promise." The Church of Christ is required to prove her worthiness of sharing in the First Resurrection, by being made conformable to Christ's death. The cup which our Lord drank He passed on to His followers, saying, "Drink ye all of it."

The Ram in the Thicket.

When God stayed Abraham's hand through the angel, a ram caught in a thicket was provided as a sacrifice instead. Thus a ram in sacrifice became the symbol of the Seed of Abraham, and an indication of the process by which reconciliation of Divine Justice will be made on behalf of humanity.

This thought was repeated in God's subsequent dealings with Israel. Thus the Passover Lamb was slain, and its blood sprinkled, typically foretelling that there could be no Church of the First-born during this Gospel Age, except through the slain "Lamb of God," which taketh away the sin of the world. Israel's sin offerings and burnt offerings spoke of a redemptive work to be accomplished before the blessing could come.

Amongst many lessons learned from the testings of Abraham's faith are these:

(1) The necessity for the death of the One through whom blessings will eventually come to mankind. If Jesus had not died for our sins, there would have been no remission of them. Hence there would have been no resurrection of the dead, and in that event death would have meant extinction.

(2) Let us be sure that if Jesus had not faithfully consummated His part of the agreement and laid down His life, neither would He have shared in the grand consummation and exaltation to the Divine nature. St. Paul declared this, saying that our Lord was obedient unto death, "even the death of the cross, wherefore [on this account] God also hath highly exalted Him."—Philippians 2:8.

(3) We are to remember that the same rule applies to all of the Church. It is not sufficient that we consecrate our lives. We must show our loyalty and our faithfulness by laying down our lives, by taking up the cross, by drinking of His cup, by being immersed into His death. Only such will share Messiah's Throne of Glory. "If we suffer, we shall reign with Him; if we be dead with Him, we shall also live with Him."—2 Timothy 2:11, 12; Romans 8:17.

Must You Be Bald?

What have you done to stop your hair from falling? Have you tried Resall "93" Hair Tonic? If not, we want you to try it at our risk.

If you have dandruff, if your hair is falling out and your scalp is not clean and shiny, if you use Resall "93" Hair Tonic according to directions for thirty days, and at the end of that time you are not thoroughly satisfied with the results, we will give you \$5.00. We will immediately hand back your money. We won't ask you to promise anything. We won't even question you. We will take your word and return your money.

Doesn't it stand to reason that Resall "93" Hair Tonic must be a mighty good remedy and have given great satisfaction to our customers if we endorse it like this? We know of no similar remedy that is as good. It is because of what Resall "93" Hair Tonic has done for others that we back it with our own money.

Why suffer scalp and hair trouble or be bald, when Resall "93" Hair Tonic will remove dandruff, make your scalp comfortable and healthy, promote hair growth and tend to prevent baldness—when we will pay for the treatment should it fail to please you?

We don't obligate you to anything. You simply buy the treatment, use it, and if not pleased, come back to us empty-handed—and we will hand back what you paid us. Two sizes, 50c and \$1.00 a bottle. You can buy Resall "93" Hair Tonic in this community only at our store.

TO RENTERS OF FARMS

Why Pay Rent to Land Owners? You Can Buy Land of Us on Crop Payment Plan. We have Railroad Lands on the Above Plan.

We sell these lands on the Crop Payment plan at from \$25.00 to \$35.00 per acre. No mortgage, no notes, no interest to pay. All you have to do is get a deed for your land, break the sod and go to producing crops. Climate and soil the same as in Nodaway county. Lands produce the same kind of crops as Nodaway, the same fruits and the same water. The soil is a dark loam from 18 inches to three feet deep and produces the crops, is not an experiment but been tested for years. THE RAILROAD wants settlers and not fancy prices for land. Come and see us, let us tell you this great opportunity and quit paying rent to others, but pay it to yourself and in a short time own a farm that will be worth three times as much as we ask for this land. It has been done before, why not again?

If you have a farm here let us sell it for you and go to this new country where you can buy land that will double in value in a few years.

KILLED SUFFRAGE

SENATE'S DEATH KNEEL TO WOMEN'S HOPES.

FOR A VICE-COMMISSION

Appropriation Made for Senate Committee to Inquire Conditions in State—Corporations Hit Again.

Action vitally affecting the women of Missouri was taken twice by the state senate Thursday. The constitutional amendment providing for woman suffrage was killed by a vote of 16 to 9, and a resolution providing for the appointment of a committee of five senators to investigate the wages paid to women and their relation to the high cost of living was adopted.

The death knell for woman suffrage was rung for two years when the senate reconsidered the vote sending the amendment to engrossment. The amendment was then referred to the committee on constitutional amendments, and as the legislature is expected to adjourn March 24, there will not be enough time for it to be reported out and again passed.

The committee which will investigate wages for women is to report to the next session of the legislature. An appropriation of \$3,000 for the expense of the investigation was made. The committee, in addition to Lieut. Gov. Painter, will be composed as follows: Senators F. M. Wilson of Platte City, M. E. Kinney of St. Louis, Thomas Whitledge of Ste. Genevieve, George D. Cates of McDonald county, and either Senator Green or Senator Casey of Kansas City.

The first definite step toward holding a constitutional convention to write a new constitution for Missouri was taken by the senate Thursday. By a vote of 19 to 10 it passed a bill calling a special election for next November to decide whether a convention shall be held. Wednesday the bill was lost on account of the absence of several senators.

The bill now goes to the house for final passage. Those urging the holding of a constitutional convention say it will pass there.

The senate today passed the charter bills for Joplin and Springfield, giving those cities the right to vote on the commission form of government. The measure will have to go back to the house, where it already had passed, as the senate tacked on a number of minor amendments, to correct details of the bill. It probably will be ready for the governor's signature early next week.

Strict regulation by the secretary of state of every corporation in Missouri is provided for in a bill that passed the senate. The secretary will be known as "supervisor of corporations" under the terms of the measure.

While the bill makes little change in the present law that requires the corporations to file annual statements, setting forth that they are conforming with the laws of the state and giving certain details of their finances, it goes farther by giving the secretary of state power to send a representative to examine the books of the corporation and look into the correctness of the report whenever he sees fit. The secretary may call for a special report from a corporation at any time.

The bill provides that the corporation must pay a registration fee of \$5 with each report. A clerk at a salary of \$2,400 a year and four extra clerks three months in the year are provided for. All the money received above expenses is to go to the state good roads funds.

PRESIDENT WILSON'S VISION.

There is so much expressed in the short inaugural address, so much that presses on one to say about it, that it is difficult to choose out of the multitude; but some things must impress every thoughtful reader; the normal tone, the human sympathy, the earnest desire to make conditions better for the multitudes who toil, especially for the women and children. It is a trumpet call for social and industrial as well as political reform and progress. It is a direct passionate appeal to the conscience. He says "it is not a day of triumph but of dedication." While we are justly proud of our achievements, he says, "We have not hitherto stopped thoughtfully enough to count the human cost, the cost of lives snuffed out, of energies overtaxed and broken, the fearful physical and spiritual cost to the men and women and children upon whom the dead weight and burden of it all has fallen piteously the years through. The groans and agony of it all had not yet reached our ears, the solemn, moving undertone of our life, coming up out of the mines and factories and out of every home where the struggle had its intimate and familiar seat. The great government we loved has too often been made use of for private and selfish purposes, and those who used it had forgotten the people."

Our duty is to cleanse, to reconsider, to restore, to correct the evil without impairing the good, to purify and humanize every process of our common life without weakening or sentimentalizing it.

The great work he has outlined is too large for partisanship and the new president calls to his aid all good citizens. What can be finer than this closing paragraph?

"This is not a day of triumph; it is a day of dedication. Here master, not the forces of party but the forces of humanity. Men's lives hang in the balance; men's hopes call upon us to say what we will do. Who shall live up to the great trust? Who dares fail to try? I summon all honest men, all patriotic, all forward-looking men to my side. God helping me, I will not fail them, if they will but counsel and sustain me."

There are few severe criticisms of the address, and generally it is commended. Here is a specimen from the Independent New York Times:

"No president of the United States in any utterance ever sounded a higher or clearer note of aspiration and of idealism than Woodrow Wilson in his inaugural address. It is perhaps the most carefully studied, concise and deeply moving expression that has yet been given to the new ideas which have become a force in our politics. The address will make a profound impression upon the American people and upon the friends of progress and of this republic throughout the world."—Shebina Democrat.

DON'T OVERLOOK THE HOG.

The American hog is the most economical of animals. Of what a horse eats 52 per cent goes to waste. Forty-four per cent of the food consumed by cattle is similarly lost, and 32 per cent of all that sheep take into their stomachs is wasted. Fifty-two per cent of the food eaten by a hog goes to make growth. A sheep utilizes only 25 per cent of its sustenance for growing, which means, of course, the production of meat.

These figures are obtained from recent experiments made by government experts, who find as a result of their study, that the pig has what they call an "economic superiority" even over poultry. That is to say, it produces more meat in proportion to its weight, and the animal weighs more in proportion to the amount of food it consumes. Eighty-four per cent of the carcass of a hog is utilized as meat, of the beef animal 75 per cent is edible, and of the sheep only 65 per cent. Thus it appears that a greater percentage of the pig is available for food than of any other domesticated creature.

The hog is a valuable aid to fertilizing land, and pays a good return on the crops he consumes. He will devour large quantities of inferior fruit or waste grain and vegetables, which are not otherwise marketable. He will thus yield a profit on what might otherwise be wasted. The yearly increase in young pigs keeps the supply rapidly increasing from a small beginning. He is a lucrative investment. The secret of success in farming, as in other industries, lies in finding a use for everything. There is no reason why such products as are waste of the orchard should be thrown away. There is a use for everything on the farm if the farmer will but seek until he finds it, and the hog is a great help in putting all sorts of feed to a profitable use.—Louisiana Press-Journal.

HIS MOTHER '100

LAST RITES FOR THE LATE S. W. SCOTT THURSDAY.

THE ATTENDANCE LARGE

Neighbors and Friends in Large Numbers Paid Respects to Memory of a Good Man Gone Home.

Although Thursday afternoon was exceedingly inclement, the First Presbyterian church was filled with friends who came to attend the last rites in memory of S. Winfield Scott, who died Tuesday morning at St. Francis hospital. The service was conducted by the pastor, Rev. S. D. Harkness, whose text for the discourse was John 11:25: "Jesus said unto her, I am the resurrection and the life. He that believeth in me, though he were dead, yet shall he live."

The music was by a quartet composed of Mrs. C. D. Leffler, Miss Helen Leffler, Mr. W. H. Crawford and Mr. L. O. Goble.

The heavy clouds and constant downpour of rain added to the solemnity of the occasion, but the presence of many beautiful floral offerings and the splendid assurance of the minister's words founded upon promises in the Book of Books brought a peace and understanding that will bear the fruitage of resignation and confidence toward Him who doeth all things well.

Mr. Scott was held in the highest esteem by all who knew him, his unquestionable Christian attitude in all things winning the respect of acquaintances and the love of his neighbors. The entire neighborhood for miles around his home, five miles northwest of Maryville were in attendance upon the services, also Rev. H. A. Sawyers of Savannah.

The pallbearers were Messrs. Ad Kinsley, Rudolph Neidel, Henry N. Moore, Samuel E. Fisher, J. C. F. Taylor, Joseph Jackson, Sr.

Samuel Winfield Scott was born at Birmingham, Guernsey county, O., the 28th day of January, 1851. Died March 11th, 1913, at Maryville, Mo.

He was reared on a farm and lived with his father and brother, Abraham Park Scott and Mary (Woods) Scott until the spring of 1877, at which time he and his brother, John M. Scott, who resides on West First street, Maryville, came west and settled on a farm five miles northwest of Maryville, which place he owned at the time of his death.

On the 8th day of January, 1884, he was married to Mary J. Dunlap of Flushing, O., a daughter of Joshua and Nancy Dunlap.

Deceased is survived by his wife and daughter, Mrs. John Griffey of near this city; a brother, John M. Scott of Maryville, Mo.; Woods Scott, a brother, of Mayville, Mich., and his aged mother, who is 100 years old this 14th of March, and who now resides at Cambridge, O.

Deceased's father, who died in 1889, was a brother of the Hon. William Scott of Guernsey county, Ohio, and the Hon. Josiah Scott of Cadiz, O., who, with a cousin, also Josiah Scott, of Bucyrus, O., all had seats in the general assembly of that state at the same time and helped frame the constitution of that state.

His grandfather, Abraham Scott, was a Presbyterian preacher, and did missionary work in Eastern Ohio one hundred years ago.

The ancestors of this family settled in Pennsylvania about 1650, when the population of that state was less than 12,000, so it can be seen that they were among the first settlers of that country.

Deceased was reared in the Presbyterian faith, and united with the church when a young man.

THERON GARRETT IS DEAD.

Twelve-Year-Old Son of Mr. and Mrs. Jefferson Garrett, Died at 10:40 A. M. Friday From Heart Failure.

Marcus Theron Garrett, the 12-year-old son of Mr. and Mrs. Jefferson Garrett of South Market street, died Friday morning at 10:40 o'clock from heart failure, brought on by a two months' illness of rheumatism. His death is a sad shock to the family, as the sick boy had improved considerably for several days and gave strong hopes of recovery soon. He was taken suddenly worse Friday morning, however, and death came quickly. Theron's death is the first in the family of ten children. He had never been seriously sick, and his illness was a severe trial to him, but he proved a patient little sufferer.

The funeral services have not been arranged, as word is waited from two brothers in the west. Theron is survived by his parents and nine brothers and sisters: Ernest Garrett of Lowell, Wash.; Emory Garrett of North Yakima, Wash.; Mrs. Charles Moore of this city, and Hazel, Mabel, Wesley, Mark, Virginia and Donald, at home.

PREACHING AT BAPTIST CHURCH.

There Will Be Services Each Sunday Until the Church Calls a Pastor.

Professor W. W. Westbrook, chairman of the pulpit committee of the First Baptist church of this city, announces there will be preaching each Sunday at the First Baptist church, a minister from William Jewell college at Liberty, Mo., to be the first supply next Sunday. His name will probably be given in the church announcements for Sunday in Saturday's daily.

MCCUSKEY RITES SATURDAY.

The Body of the Late Dr. S. C. McCuskey Will Lie in State Saturday From 11 A. M. to 1 P. M.

Funeral services in memory of the late Dr. S. C. McCuskey will be held Saturday afternoon at 2:30 o'clock at the First Presbyterian church, conducted by the pastor, Rev. S. D. Harkness.

Burial will take place in Oak Hill cemetery, where the Masonic lodge will officiate. The G. A. R. will attend the services in a body.

The body will lie in state at the McCuskey home, 400 West Second street, from 11 o'clock a. m. until 1 o'clock p. m.

A brother of the deceased, Mr. Matthew McCuskey, and his wife, arrived from Omaha Thursday night, and their sons, Dr. F. M. McCuskey and Mr. John McCuskey of Glenwood, Ia., will arrive Friday night.

Notice to Masons.

All Masons are requested to be at Masonic hall Saturday at 1:30 prompt to attend the funeral of our late brother, Dr. S. C. McCuskey.

JAMES F. COOK, W. M.
FRED W. SMITH, Secretary.

ATTENTION

G. A. R. and all old soldiers will meet at G. A. R. hall at 2 p. m. Saturday sharp for the purpose of attending the funeral of our late comrade, S. C. McCuskey.

GIRLS WILL PLAY

NORMAL GIRLS WILL PLAY GIRLS OF MISSOURI WESLEYAN COLLEGE

WILL BE A HOT GAME

A Clever Exhibition Expected on Both Sides and a Surprise Said to Be in Store.

The curtain will be rung down on the basket ball season of 1912-13 as far as Maryville is concerned tonight when the Missouri Wesleyan college girls of Cameron will play the Normal girls at the Normal gymnasium. That game alone would be worth anyone's time and trouble to attend, for the Cameron damsels put up a clever exhibition of the popular indoor sport, and the local fair ones will do their best to close the season with a victory. But the real comedy of the evening—it may possibly end in a tragedy—will be furnished by the Faculty-Y. M. C. A. game. The instructors took their final work-out Wednesday afternoon behind closed doors, which fact assures us that they have a surprise to spring on the fans. Whether said surprise is in the form of a trick play to baffle the enemy or whether it is a unique style of uniform remains to be seen. It is assured that "Coach" George H. Colbert, Dean of the Normal faculty, will be in charge of the office adding machine to keep an absolutely correct score. The Faculty-student contest will begin promptly at 7:45 o'clock. John I. Moore will referee and Coach Whitsell of Wesleyan will umpire. The line-up of the Faculty-Y. M. C. A. game will be:

Faculty—Forwards, Moore and Mutt; center, Eek; guards, Wells, Rickenbrode, Harrington and Swinehart.

Y. M. C. A.—Forwards, Daise and Mathes; center, Quinn; guards, J. Jones and Paris.

The line-up of the Wesleyan-Normal game:

Wesleyan—Forwards, Ellwood and Lane; centers, Henderson and Carson; guards, Christian and Wyekoff.

Normal—Forwards, Abplanalp and Martin; centers, Rickenbrode and Hotchkiss; guards, Thompson and Hoffman. Subs, Caudle, Hanna and Hollister.

Guests From Military Circles.

Lieutenant L. B. Bender and Mrs. Bender arrived Thursday from Ft. Andrews, Mass., and are in the city for a few days, the guests of Dr. and Mrs. H. H. Smith and Mr. and Mrs. George Richard Eaton. Lieutenant Bender belongs to the engineering division of coast artillery. He has just been promoted, and with Mrs. Bender will leave soon for Ft. Barancas, Fla., where he will be ordnance officer at the fort.

M. M. M. Club Meeting.

Mrs. George Stafford entertained the M. M. M. club Wednesday afternoon. Roll call was responded to with compliments. A paper on "What is a True Friend?" prepared by Mrs. H. W. Hull, was read by Mrs. W. T. Ramsey. Owing to sickness in the membership several were unable to be present. Nothing of outside interest was done in a business way, and after the usual time spent with needlework the hostess gave a luncheon. The members present were Mrs. W. T. Ramsey, Mrs. J. C. Farrar, Mrs. C. J. Eckert, Mrs. Edward Egley and Mrs. M. D. Kemp.

The Bridesmaids Are Here.

Mrs. Gordon Murray and daughter of Muskogee, Okla., arrived in Maryville Friday noon and are guests at the home of Mr. and Mrs. Frank G. Shoemaker. Mrs. Murray will be better remembered in Maryville as Miss Olive Lattin, one of the quintet of Hardin college girls who were annual summer visitors at the Shoemaker home, who, with Miss Caroline Watkins of Lawson, Mo., who arrived Thursday, and Miss Louise Sallander of Fort Madison, Ia., who will come Friday evening, will act as bridesmaids at the wedding of Miss Esther Shoemaker and Mr. Oliver Bovard Saturday evening at 8 o'clock.

Shakespeareans Met Tuesday.

The Shakespearean department of the Twentieth Century club met Tuesday afternoon at the home of Mrs. Ferdinand Townsend. The usual good attendance of this department was considerably depleted by sickness. The study was act III of "Othello," and quotations from that act were given in answer to roll call. The questions on this act given in the year book were answered by Mrs. G. B. Holmes, Mrs. J. F. Montgomery, Miss Lenore Schumacher, Mrs. J. E. Cameron and Mrs. Townsend, the latter leading the general discussion. The word drill given by Miss Della Grems, the parliamentary drill and current events by Mrs. E. G. Orear. At the close of the study Miss Alma Nash was asked to tell her impressions of the suffragist parade at Washington, which she did, and also showed some fine photographs of it and the leaders of the movement that she secured in Washington.

A Good Entertainment.

The entertainment given Thursday evening at the First Methodist church by Mr. Mort S. Morse of the Kansas university and Prof. P. O. Landon was immensely pleasing to those who braved the disagreeable weather to attend. Considering the weather the crowd was good, although it would have been much better under other conditions. Both of these gentlemen are so well and favorably known here that their announcement is a guarantee of merit, and those who attended were not disappointed.

A Real Walnut Case.

W. F. Smith of Maryville was here Wednesday putting together a fine bookcase which he had just completed for Mr. and Mrs. Samuel Corken. The furniture was made from lumber cut from a walnut tree on their old farm, southwest of Burlington Junction, and is highly prized by them. It has five shelves and is a very beautiful piece. —Burlington Junction Post.

Savannah Revival to Close.

The revival meetings which have been conducted at Savannah for the last month by Evangelists E. B. Pratt and R. M. Booth will close Sunday night. They have been very successful from every standpoint and more than 150 names have been added to the various churches.

Mrs. E. E. May of Savannah and I. C. Roelofson of Barnard were in Maryville Thursday, guests of their brother, J. P. Roelofson and family.

Quality is our success, our guarantee that every customer must be satisfied. DENHAM.

WILL ELECT FOUR

COMMERCIAL CLUB DIRECTORS TO BE CHOSEN TUESDAY.

CITY WHAT IS PLANNED

The Vision of Men of Yesterday Realized in Maryville of Today—A Woman's Talk at Club Rooms.

The next regular meeting of the Maryville Commercial club will be held at the club rooms Tuesday evening, March 18, when four members of the board of directors will be selected. The terms of F. G. Shoemaker, N. Sturm and E. G. Orear expire, and G. B. Roseberry has resigned, so there will be four to elect.

In a statement issued by Secretary John I. Hoffman, he urges every member to be present and to bring with him a plan for some improvement in the city or its conditions during the coming year. He says:

"Men, not conditions, make a city. The Maryville of today is just what the foremost men of Maryville yesterday planned that it should be. The Maryville of tomorrow will be just what you today plan it shall be. The men of Maryville can have just what they go after with the right kind of determination."

The Twentieth Century club has extended an invitation to the Commercial club to attend a lecture or talk given by Mr. Henry N. Ess of Kansas City on "The Woman of Today," at the Elks club room, March 17, at 8 o'clock.

Cold Wave Coming.

A warning has been sent out by the weather bureau that a cold wave will follow the rains of Thursday and Friday. The temperature, according to the report, will fall twenty or more degrees within the next twenty-four hours. The rains have apparently been general over the county and have been of much benefit to this section of the state. The rainfall in Maryville during the two days has been one and a half inches.

Spending Day in St. Joseph.

Mrs. Edward F. Wolfert, Mrs. George B. Baker and Miss Carrie Margaret Baker went to St. Joseph Friday morning to spend the day.

Denham makes the price on harness and buggies at both stores.

THE WEATHER

Cold with high northwest to north winds. Temperature will fall 20 degrees or more in twenty-four hours.

SENATE ELECTS ITS OFFICERS

Clarke of Arkansas is Chosen
President Pro Tem.

STEERING COMMITTEE AT WORK

Personnel of Finance Committee Shows Several Middle Western Senators on List—Democrats Take Over Leadership.

Washington, March 14.—Senator James P. Clarke of Arkansas, Democrat, was elected president pro tempore of the senate. Senator Clarke received 41 votes, Senator Gallinger (Rep.) 18, and Senators Clapp and Bristow and Borah 1 each. Senator Clarke was immediately sworn in and presided over the senate during the election of other new officers.

The senate elected James M. Baker of South Carolina, secretary; Charles P. Higgins of Missouri, sergeant-at-arms; Forest J. Prettyman, chaplain, and Thomas W. Keller of West Virginia, assistant doorkeeper.

Charges that Carl A. Loeffler, acting assistant doorkeeper of the senate, had been responsible for disappearance of the Holstlaw certificate of deposit presented during the Loeffler trial in the senate, and which was never afterward located, were made in the senate by Senator Gore (Okla.), when Loeffler's re-election was proposed. Senator Gore said his informant was a page of the senate, who had delivered the certificate to Loeffler after securing it from Senator Bailey.

By a vote of 45 to 18 the senate refused to take Loeffler's name out of the resolution containing the names of the prospective senate officers.

Agree on Finance Committee. Another session of the Democratic steering committee brought the committee lists near to completion.

The personnel of the finance committee, which is to handle all tariff bills, became definitely known. As now agreed upon it is:

Democrats: Chairman, Simmons; Stone, Williams, Johnson, Shively, Gore, Thomas, James, Hughes.

Republicans: Penrose, Lodge, McCumber, Smoot, Gallinger, Clark, McFollette.

Information indicated also that Senator Tillman had won his personal fight to secure the chairmanship of the appropriations committee, the second most powerful of the senate.

DEATH LIST IS GROWING

Thirty-three Dead as Result of Storm That Sweeps South.

New Orleans, March 14.—The death list in the storm that swept several southern states was raised to thirty-three this morning. Latest reports of life loss came from near Atlanta, where five were killed.

Alexandria, La., March 14.—The town of Provencal, La., was practically wiped out by a tornado. A negro boy was killed and fifteen persons were injured. The storm cut a swath from 300 to 500 feet wide, demolishing business houses and twenty-five homes.

A GENEROUS OFFER.

Your Money Refunded if Parisian Sage Doesn't Banish Dandruff.

Pretty strong talk, perhaps you'll say, but it's honest talk, every word of it, because if the Koch Pharmacy was not absolutely certain! If they did not know from actual results obtained they could not make such a generous offer.

Parisian Sage can now be obtained in every town in America. It is guaranteed to stop falling hair and itching scalp.

It is the ideal, delightful, rejuvenating hair dressing that makes hair grow in abundance. Parisian Sage is a prime favorite with women, because it keeps the hair brilliant and fascinating, is daintily perfumed, and is not sticky or greasy.

The price for a large bottle is only 50 cents at the Koch Pharmacy, who guarantees it. Sold everywhere, or direct, all charges prepaid, by the American makers, Groux Mfg. Co., Buffalo, N. Y.—Advertisement.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

The woman with tender skin dreads February and March because they are likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have a strong tendency to make her freckle.

Fortunately for her peace of mind, the recent discovery of a new prescription, othine—double strength, makes it possible for even those most susceptible to freckles to keep the skin clear and white. No matter how stubborn a case of freckles you have, the double strength othine should remove them. Get an ounce from any druggist and banish the freckles. Money back if it fails.

NO INDIGESTION, GAS OR A SOUR STOMACH.

"Pape's Diapepsin" Makes Your Stomach Feel Fine in Five Minutes.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only 50 cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

INDIGESTION FIVE YEARS.

Relieved by Vinol.

Strength and even life itself depends upon the nourishment and proper assimilation of food, and unless digestion is good the whole body suffers.

Mrs. L. D. Cook, Vineland, N. J., says: "I was sick five years with indigestion. My stomach seemed to have a heavy load in it and at other times it seemed to be tied in knots. Nobody knows how I suffered.

"I tried a great many doctors and a great many kinds of medicine but nothing did any good until I took Vinol. It has helped me wonderfully. I am improving fast, feel better and am getting my flesh back again. Vinol has done me a world of good."

We know the great power of Vinol, our delicious cod liver and iron tonic without oil, in curing chronic stomach trouble and building up all weakened, run-down persons, and that is why we guarantee to return your money if it does not help you. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

REBELS ATTACK CITY OF NOGALES

Garrison Makes Stubborn Defense, but is Forced to Retreat.

BULLETS FLY ACROSS BORDER

Several American Soldiers Are Hit and General Tate is Assembling His Men—Troops at Galveston Held in Readiness to Embark.

Nogales, Ariz., March 14.—Federals have ceased firing and are retreating to the American side, while state troops are firing on federal right. Several American soldiers have been hit by bullets from the ranks of the Sonora state troops. General Tate, who has orders to "fire if fired upon," is assembling his men.

Sonora state troops attacked Nogales, Mexico, at daybreak. The garrison of 250 men, which had been promised reinforcements, made a determined defense.

Bullets showered into the Arizona town, which is divided from the Mexican town by a business street. One Mexican citizen was wounded on the Arizona side and bullets entered the homes of Americans in Nogales, Ariz. United States troops rushed from Fort Huachuca, were spread along the international line, keeping back the curious.

Troops Ready to Embark.

Galveston, March 14.—Brigadier General Smith, formerly stationed at Omaha, commanding the Fifth brigade of the United States army mobilized here, issued orders that troops of his command be held in readiness for instant embarkation on the four army transports now in Galveston harbor.

IMPLEMENT MEN TESTIFY

One Dealer Says Twine Binder No Improvement Over Wire Machine.

Omaha, March 14.—That the twine binder was no improvement over the old wire binder in use many years ago was the testimony of Edward A. Ayres, an implement dealer of Fairbury, Neb., in the hearing of the defense's testimony in the case of the alleged harvester trust. The prosecution was asking what were the improvements made in binders before the organization of the International company. When the witness was slow to mention any the prosecuting attorney asked if the twine binders were not an improvement over the wire binders.

"No, sir," shouted Ayres. "The twine binders are not an improvement. Never as many bundles went to the mouth of the threshing machine tied since the days of the twine binder as in the days of the wire binder, I tell you," replied the witness. "The wire binder was a success, the only thing was to get the wire."

The prosecution was clearly disappointed in the testimony.

ROCKET REFUSES TO RISE

"Human Fly" Has Narrow Escape from Death When Projectile Explodes.

New York, March 14.—A steel rocket containing Rodman Law, the "human fly," in which he intended to be shot 3,500 feet into the air, descending by a parachute, exploded when 800 pounds of powder behind it was fired. Law was hurled twenty-five feet from his seat in the rocket, but was unhurt.

Protected by padding and a helmet, Law crawled into the rocket with his parachute and gave the order to fire. The fuse was lighted and spluttered for thirty seconds. There was a burst of flame, a cloud of smoke and a terrific report. Hundreds of spectators straining their eyes for a sight of the great rocket hurtling through the air saw it leap forward a few feet and burst into fragments.

Law was hurled violently through the air and to the ground. His hair and eyebrows were burned off. For ten seconds he was unconscious. Then he got up and looked around.

"Damn that thing!" he exclaimed. "I thought I was going up."

BEAUTIFUL HAIR AT SMALL COST

A Simple Remedy Beautifies the Hair. Cures Dandruff, Stops Falling Hair.

What a pity it is to see so many people with thin, wispy hair, faded or streaked with gray, and realize that most of these people might have soft, glossy, abundant hair of beautiful color and texture if they would but use the proper treatment. There is no necessity for gray hair under sixty-five years of age, and there is no excuse for anyone, young or old, having thin, straggling hair, either full of dandruff or heavy and rank smelling with excessive oil.

You can bring back the natural color of your hair in a few days and forever rid yourself of any dandruff and loose hairs, and make your hair grow strong and beautiful by using Wyeth's Sage and Sulphur Hair Remedy. For generations common garden Sage has been used for restoring and preserving the color of the hair; and Sulphur is recognized by Scalp Specialists as being excellent for treatment of hair and scalp troubles.

If you are troubled with dandruff or itching scalp, or if your hair is losing its color or coming out, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, and notice the improvement in the appearance of your hair after a few days' treatment. Agent Kock Pharmacy.

HEADACHY, CONSTIPATED, BILIOUS, TAKE DELICIOUS "SYRUP OF FIGS"

REMOVES THE SCUM FROM THE TONGUE, SWEETENS A SOUR, GASSY, BILIOUS STOMACH; CLEANSSES YOUR LIVER AND THIRTY FEET OF BOWELS WITHOUT GRIPE OR NAUSEA.

If headachy, bilious, dizzy, tongue coated, stomach sour and full of gas, you belch undigested food and feel sick and miserable, it means that your liver is choked with sour bile and your thirty feet of bowels are clogged with effete waste matter not properly carried off. Constipation is worse than most folks believe. It means that this waste matter in the thirty feet of bowels decays into poisons, gases and acids and that these poisons are then sucked into the blood through the very ducts which should suck only nourishment to sustain the body.

Most people dread physic. They think of castor oil, salts and cathartic pills. They shrink from the after-effects—so they postpone the dose until they get sick; then they do this liver and bowel cleansing in a heroic way—they have a bowel washday.

That is all wrong. If you will take a teaspoonful of delicious Syrup of Figs tonight, you will never realize you have taken anything until morning, when all the poisonous matter, sour bile and clogged-up waste will be moved on and out of your system, thoroughly but gently—no gripping—no nausea—no weakness. Taking Syrup of Figs is a real pleasure. Don't think you are drugging yourself; it is composed entirely of luscious figs, senna and aromatics, and constant use cannot cause injury.

Ask your druggist for "Syrup of Figs" and Elmer's Elixir of Senna, and look for the name, California Fig Syrup company, on the label. This is the genuine—old reliable. Any other Fig Syrup offered as good should be refused with contempt. Don't be imposed upon.—Advertisement.

In several cities of the state, were taken to the immigration station to face an investigation of their right to remain in this country.

BROOKLYN TABERNACLE BIBLE STUDY ON ABRAHAM'S FAITH TESTED.

Genesis 22:1-13—March 16.
"I desired mercy, and not sacrifice; and the knowledge of God more than burnt offerings."—Hebrews 11:6.

TODAY'S Study tells one reason why Abraham was styled the Father of the Faithful. His history, depicted in the Bible, is one of trust in the Divine promises; but the final test, which we study today, marked him very high, according to Divine and human standards. The faith recorded in our lesson is so colossal as to amaze us!

This test came through the Divine command that Abraham should take Isaac, the heir of promise, and offer him in sacrifice on Mt. Moriah. Abraham was now one hundred twenty-five years old. Isaac was the Divinely appointed channel for the blessings promised. Now after half a century of waiting and trusting, could it be possible that God wished to demonstrate his faith? It was so. He had a positive command. It was no imagination, no whisperings of witches or wizards. It was no dream.

To one of Abraham's character, the Divine command meant prompt obedience. Forthwith he journeyed, accompanied by his servants. Then leaving them, Abraham and Isaac journeyed to the top of Mt. Moriah, afterwards the site of the Temple. The very rock upon which Isaac is supposed to have been bound became the location for the Brazen Altar.

The patriarch and his son came to this spot. Then Abraham, with faltering lips, but determined heart, told Isaac of the Divine command. There he offered his son, even though the knife did not strike the fatal blow. The offering was complete in the sight of Heaven; and the hand was stayed. As the Apostle explains, "Abraham received his son from the dead in a figure."—Hebrews 11:19.

The Antitype of All This. These incidents of olden time had their effect upon the actors; but to God's consecrated people, enlightened by the Holy Spirit, they have still further meaning. Abraham served as a type of God, and Isaac of Christ, Head and Body. In the antitype God freely offered His Son for the sins of the whole world. "God gave His only Begotten Son, that whosoever believeth on Him might have everlasting life."

In the antitype God arranged that Jesus should be Head of the Church, which is His Body. Hence the sufferings of Christ, accomplished by Jesus, were only part of the sufferings of the antitypical Isaac. Here the Apostle declares, "We, brethren, as Isaac was, are the children of promise." The Church of Christ is required to prove her worthiness of sharing in the First Resurrection, by being made conformable to Christ's death. The cup which our Lord drank He passed on to His followers, saying, "Drink ye all of it."

The Ram in the Thicket. When God stayed Abraham's hand through the angel, a ram caught in a thicket was provided as a sacrifice instead. Thus a ram in sacrifice became the symbol of the Seed of Abraham, and an indication of the process by which reconciliation of Divine Justice will be made on behalf of humanity.

This thought was repeated in God's subsequent dealings with Israel. Thus the Passover Lamb was slain, and its blood sprinkled, typically foretelling that there could be no Church of the First-born during this Gospel Age, except through the slain "Lamb of God," which taketh away the sin of the world. Israel's sin offerings and burnt offerings spoke of a redemptive work to be accomplished before the blessing could come.

Amongst many lessons learned from the testings of Abraham's faith are these:

(1) The necessity for the death of the One through whom blessings will eventually come to mankind. If Jesus had not died for our sins, there would have been no remission of them. Hence there would have been no resurrection of the dead, and in that event death would have meant extinction.

(2) Let us be sure that if Jesus had not faithfully consummated His part of the agreement and laid down His life, neither would He have shared in the grand consummation and exaltation to the Divine nature. St. Paul declared this, saying that our Lord was obedient unto death, "even the death of the cross, wherefore [on this account] God also hath highly exalted Him."—Philippians 2:8.

(3) We are to remember that the same rule applies to all of the Church. It is not sufficient that we consecrate our lives. We must show our loyalty and our faithfulness by laying down our lives, by taking up the cross, by drinking of His cup, by being immersed into His death. Only such will share Messiah's Throne of Glory. "If we suffer, we shall reign with Him; if we be dead with Him, we shall also live with Him."—2 Timothy 2:11, 12; Romans 8:17.

TO RENTERS OF FARMS

Why Pay Rent to Land Owners? You Can Buy Land of Us on Crop Payment Plan. We have Railroad Lands on the Above Plan.

We sell these lands on the Crop Payment plan at from \$25.00 to \$35.00 per acre. No mortgage, no notes, no interest to pay. All you have to do is get a deed for your land, break the sod and go to producing crops. Climate and soil the same as in nodaway county. Lands produce the same kind of crops as nodaway, the same fruits and the same water. The soil is a dark loam from 18 inches to three feet deep and produces the crops, is not an experiment but has been tested for years. THE RAILROAD wants settlers and not fancy prices for land. Come and see us, let us tell you of this great opportunity and quit paying rent to others, but pay it to yourself and in a short time own a farm that will be worth three times as much as we ask for this land. It has been done before, why not again?

If you have a farm here let us sell it for you and go to this new country where you can buy land that will double in value in a few years.
